Dear Mr. Sacks

Enclosed please find one (1) copy of the Revised Phase II Work Plan for Remedial Investigation/Feasibility Study (RI/FS) at the Butler Tunnel Site, Luzerne County, Pennsylvania. This document was prepared by Gannett Fleming Environmental Engineers, Inc. on behalf of Respondents to EPA's Consent Order. EPA respectfully requests that you review this document and determine if: 1. the authors have been responsive to EPA's comments of January 15, 1988 (enclosed); 2. the proposed Work Plan will satisfactorily characterize the site and/or satisfy requirements of a complete RI/FS; and, 3. if additional work is necessary for this site. If you need more information or are unable to meet the requested date, please contact me at (215) 597-3166. EPA must determine if this Work Plan for RI/FS can be approved. Your comments are requested by May 6, 1988. A peer review meeting will be held on May 10, 1988 to highlight and discuss all reviewers' comments.

Thank you,
